Announcements:

The Texas Treasure show was a huge success. We had the largest display of all the clubs present. Many of our members won the big ticket raffles including detectors and a gold coin. We had 800 visitors to our “treasure box” and we raised \$435 for our club. Many of the participants came back several times to play. Carl Fismer had a wonderful display with the famous Taj Mahal coins on display. Two of our members are local metal detector dealers (Trey and Mark) and had great booths. Other Texas clubs discussed having open hunts for us to participate in and shared ideas.
